

# The Official SIMON JOYCE Memorial League

## INGRAM IS OUR KING, HE ALWAYS GET THE TOUCHDOWNS IN!

Ok first up I must apologise to Graeme. Ingram was just really *really* hungry for touchdowns after his suspension. Genuine soz, I did want you to beat Tom.

In other matchups, new owner Lizz almost pulled off a surprise victory against the top of the league team but was defeated at the last moment. Dave is giving me side-eye for trading Phil a 30pt Conner the week they played each other. And finally, despite her questionable decisions over the last week, Holly got her first win over Jade! We're now all off the mark, so race you to the playoffs :)

## Week 5 Recap

### Unluckiest Team

You Shall Not Pass (Lizz) would have won against

# 71.43%

of other teams, but there's just no beating me!

### Worst Decision(s)

This obviously needs to go to Rolly this week, for

# leaving

as if somehow fantasy isn't the most important thing in his life.

### Luckiest Team

Queensland Quizards (Holly) only scored more than

# 42.86%

of other teams but it was enough to secure her very first win.

### Shit The Bed

Sam Francisco's 40 Miners (Graeme) managed only

# 69.24

points after *someone* stole all of Kamara's touches. Oops.
